My portfolio

EXPERIENCE

Freelance

Moofa Studio
2025 - Present
Develop animated content using a workflow that combines classical animation, After Effects, and AI-based generative tools.
Translate creative concepts into visual sequences through staging, animation, and editing, while exploring AI-assisted creative processes alongside studies in the Animation Department at Bezalel Academy of Arts and Design.

Student Mentorship
2025- present
Animation Department - Bezalel Academy of Arts and Design
Provide mentorship to students in the department, offering guidance on animation workflows, technical tools, and creative processes.

Bartender
2023-2026
Worked part-time as a bartender while pursuing a degree at Bezalel Academy of Arts and Design.
Demonstrated strong multitasking skills, time management, and the ability to balance creative studies with demanding shift work.

Military Service
Israeli Navy - Submarines
2018-2022
Head of Electrical, Control and Monitoring Systems Team
Responsible for the submarine's electrical, control, and monitoring systems while leading a technical team.
Focused on self-learning, training soldiers, and supporting their professional development within the department.
